# Greater Nashville Healthcare Analytics (GNHA) meetup

The image is a screenshot of the Greater Nashville Healthcare Analytics (GNHA) Meetup page. At the top, there is a large header image showing a power line tower against a cloudy sky. To the right of the image, the group name "Greater Nashville Healthcare Analytics" is displayed in a bold, dark font. Below the name, the location "Nashville, TN" and the number of members "836" are listed. A small profile picture of an organizer is shown next to the text "Organizers Chad Y. and 4 others". Below this information, there are three buttons: a red "Join us" button, a grey button with three dots, and a grey button with a share icon. A horizontal navigation bar below the buttons contains links for "Our group", "Meetups", "Members", "Photos", "Discussions", and "More". The "Next Meetup" section is located below the navigation bar. It features a date badge for "12 DEC", the date and time "Tuesday, December 12, 2017, 5:30 PM", the title "The State of Deep Learning in Healthcare", and a blue "Attend" button. A "See all" link is positioned to the right of the "Next Meetup" section.
